Teach-In to Oppose Barack Obama's Radical Transformation of America

Barack Obama campaigned for our nation's highest office as a moderate Democrat, but his words and actions during the first year of his administration reveal a deeply radical agenda that is threatening the constitutional freedoms, financial security, and physical safety of all Americans.

This spring, the Horowitz Freedom Center will stage a nationwide series of *Teach-Ins to Oppose Barack Obama's Radical Transformation of America*. This program will educate students on the steps Obama has taken to swiftly lead our country down the path to Socialism and Big Brother government. We will bring onto campuses teams of nationally recognized experts on issues such as the administration's catastrophic health care plan; its assault on the community; its ruinously expensive environmental policies; and its weakness on national security and endless apologies for America and appeasement of foreign dictators.

Students participating in these teach-ins will bring speakers to campus, hold rallies opposing big government and Socialism, and distribute literature, including the Freedom Center's new pamphlets--"Barack Obama's Attempt to Radically Transform America," which shows what the administration plans for this country; and "Barack Obama's Rules for Revolution: The Alinsky Model," which shows how the President's deceptive rhetoric in behalf of a radical agenda come right out of the playbook of the hardcore leftist Chicago political organizer of the 1960s, Saul Alinsky.

Together, we can alert America's students to the duplicity of our nation's president, and educate them to reject the radical takeover of America being perpetrated on the American people. President Obama has long boasted of his strong support among America's youth. It's time to show him that not all of us can be so easily duped.

This groundbreaking series of campus teach-ins promises to be a newsworthy event. Contact DHFC Campus Programs Director Jeffrey Wienir at 818-849-3470, ext. 206 or at Jeffrey@horowitzfreedomcenter.org to organize a teach-in on your campus! Read on below for more information about bringing a teach-in to your campus.

How to Participate:

There are numerous ways in which you can participate in our spring campaign to expose the duplicity and radical agendas of President Barack Obama.

- Hosting a keynote speaker on Obama's radical agendas on your campus. Students on select campuses will organize major events featuring panels of four speakers each on the subjects of Health Care, National Security, the Economy, and the Environment.
- Working with the Freedom Center to take out an ad in your campus newspaper describing Obama's radical leanings and attacks on our freedom.
- Distributing educational materials on campus, including copies of our new pamphlets, "Barack Obama's Attempt to Radically Transform America," and "Barack Obama's Rules for Revolution: The Alinsky Model."
- Papering the campus with flyers and leaflets informing students about the campaign.

Some student organizers will be eager to host panels of multiple speakers, while others may wish to participate on a lesser scale. Whatever your schedule and resources, we encourage you to participate in the Teach-In to Oppose Barack Obama's Radical Transformation of America to the extent that you are able. Even distributing leaflets from a table on your campus quad can go a long way towards provoking a discussion about Obama's radical initiatives.

Hosting Speakers:

The Freedom Center will work with organizations such as Young American's for Freedom, the Young America's Foundation, the Leadership Institute, the Heritage Foundation, and others, to provide campus speakers opposing the Obama government takeover. We will work to organize major events featuring panels of four speakers each to appear on five to ten prominent campuses across the country. The panels will be divided into four sections: Health Care, National Security, the Economy, and the Environment.

Speakers will include (among others):

David Horowitz: CEO of the David Horowitz Freedom Center, former leftist radical, and author of *Unholy Alliance*, *Party of Defeat*, *The Shadow Party*, and *Barack Obama's Rules for Revolution*, among many others.

Robert Spencer: Director of JihadWatch and author of the upcoming book *The Post-American Presidency: The Obama Administration's War on America*.

Jonah Goldberg: Founding editor and current editor-at-large of National Review Online and author of *Liberal Fascism: The Secret History of the American Left, from Mussolini to the Politics of Meaning*

Chris Horner: Senior fellow at the Competitive Enterprise Institute and author of *Red Hot Lies: How Global Warming Alarmists Use Threats, Fraud, and Deception to Keep You Misinformed* and *The Politically Incorrect Guide to Global Warming and Environmentalism*.

Sally Pipes: President and CEO of the Pacific Research Institute, author of *Miracle Cure: How to Solve America's Health Care Crisis and Why Canada Isn't the Answer* and *The Top Ten Myths of American Health Care: A Citizen's Guide*.

Donald Lambro: Chief political correspondent of *The Washington Times*.

If you are interested in bringing a speaker or panel of speakers to your campus, please contact Jeffrey Wienir at Jeffrey@horowitzfreedomcenter.org or at 818-849-3470, ext. 206 for suggestions and booking assistance.

Distributing Literature:

The Freedom Center has already produced a pamphlet on Obama's duplicitous philosophy of governance titled "Barack Obama's Rules for Revolution: The Alinsky Model." This pamphlet is available online [here](#). Another pamphlet titled "Barack Obama's Attempt to Radically Transform America" will also soon be available.

To obtain copies of these pamphlets to distribute on campus, please contact Jeffrey Wienir at Jeffrey@horowitzfreedomcenter.org or at 818-849-3470, ext. 206.

Once you have obtained copies of these pamphlets, we encourage you to set up a table in a central location on campus and pass them out to your fellow students. It may be helpful to create signs and posters highlighting the campaign (for example: "Learn the Truth About Obama's Radical Transformation of America") that you can keep with you at your table to encourage students to take notice and pick up a pamphlet.

We will also compile and produce several fliers documenting the radical steps Obama has taken to drastically increase spending, and place American industry under government control. You can post these flyers on bulletin boards and in other public locations on campus.

Newspaper Ads:

The Freedom Center will take out ads in college newspapers around the country educating students on Obama's radical decisions in office and publicize the appearances of speakers we will be bringing to their campuses.

If you are interested in having the freedom center take out an ad in your campus paper, please contact Jeffrey Wienir at Jeffrey@horowitzfreedomcenter.org or at 818-849-3470, ext. 206.

Media Coverage:

Particularly if you are hosting a speaker or panel on campus, we encourage you to send a press release to your campus newspaper and other local media outlets. Make sure to mention that the event is part of a nationwide campus Teach-In movement as this will help both to promote our cause to encourage media interest.

We will seek major coverage of these protests from television commentators such as Glenn Beck, Sean Hannity and Bill O'Reilly. We will also blanket the radio talk show world with appearances by the speakers on Obama's radical transformation of America we are sending to campuses around the country. We will also send press releases to local and national media, will seek interviews and coverage on radio shows, and will encourage students participating in the teach-ins to do the same.

Website:

The Freedom Center has recently launched a new website, www.freedomcenterstudents.org, which serves as the hub of our campus activism. You can find many resources on this website to aid you in organizing a teach-in on your campus including downloadable flyers and literature documenting Obama's radical initiatives.
